NGSS: K-2-ETS1-1	Learning Target: I am making observations and gathering information about birds.
Choose one way to make observations of birds and nests. Notice the bird's body parts.	<ul style="list-style-type: none"><li>• look out your window or go outside and sit in a quiet place to watch birds</li></ul> or <ul style="list-style-type: none"><li>• look at pictures of birds and their nests in books, magazines, internet</li></ul> or <ul style="list-style-type: none"><li>• watch a 4 min. video clip about birds and look at the pictures on the STEM Lab web page <a href="https://www.youtube.com/watch?v=jF0ld-hH9y4">https://www.youtube.com/watch?v=jF0ld-hH9y4</a></li></ul>
Record your observations of two different birds	<ul style="list-style-type: none"><li>• draw a picture on the back of this paper of two birds you saw</li><li>• color your drawings to match the birds you saw</li><li>• label the birds' body parts - beak, wing, feet</li></ul>
Reflection - write your answer below or on the Google form on the STEM Lab webpage	<ul style="list-style-type: none"><li>• How does the shape of the bird's beak help it get materials and build a nest?</li></ul>
