NTI Day 13

# FOUND OBJECT COLOR WHEEL

The color wheel follows the order of the rainbow.

Learning Target: I can identify and classify uses of everyday objects through visual means. VA:Cr2.3

- 1) You are going to look around your house for objects of each color in the color wheel shown above.

Kindergarten & 1<sup>st</sup> grade- Find 2 objects of each color

2<sup>nd</sup> & 3<sup>rd</sup> grade- Find 3 objects of each color

4<sup>th</sup> & 5<sup>th</sup> grade- Find 4 objects of each color

- 2) Arrange them on the floor to create a color wheel like above.
- 3) You can take a picture and submit it on Google Form  
OR draw a pictures of your items on the back of this page.

Visit [CGESspecialarea.weebly.com](http://CGESspecialarea.weebly.com) for examples of Found Object Color Wheels and the link to the Google Form to submit your pic.
