

## NTI Day 3-Music

Learning Target: I can explore sound in my environment.

# Environmental Percussion

The percussion family is the largest family of musical instruments because almost anything can be turned into a percussion instrument. These instruments produce sounds by shaking, scraping, or hitting.

Find an object around the house that you can shake.

Examples include: dry pasta in a box, medicine bottles

Find an object around the house that you can scrape.

Examples include: soup can, comb, roasting pan

Find an object around the house that you can strike.

Examples include: empty trash can, pots, empty boxes

Use those objects and choose an activity below.

- Choose a song on the radio and play along with a steady beat.
- Choose a nursery rhyme or poem and play the rhythm of the words.
- Play some rhythms using these instruments.

Describe what object you used and which activity you performed.

This can be completed on paper or on a Google Form.
